Dear Dr. Castro-Raez,

Congratulations, you are now a Certified Occupational Hearing Conservationist (COHC) and have joined over 21,000 others throughout the world who are working to uphold CAOHC's mission to promote the conservation of hearing by enhancing the quality of occupational hearing conservation programs. We hope you will use the enclosed sample press release to notify your local community of your achievement.

Also enclosed is your COHC certificate along with your identification card, and the COHC Scope of Practice document. Both the certificate and the card include your personal identification number. Please keep this number in a safe place as you will use it to access your personal information from CAOHC's website ([www.caohc.org](http://www.caohc.org)) as well as download copies of your certificate. In addition this number will be used; along with your signature, as credential verification for all audiometric tests you conduct. The Scope of Practice document will help remind you and your employer of your responsibilities and limitations.

As a benefit of your CAOHC certification, you will begin to receive the UPDATE newsletter on a quarterly basis. UPDATE is an excellent resource for industry news as well as tips to help you perform your job more efficiently. In order to insure that you receive every issue we ask that you please keep CAOHC up-to-date on any address or name changes that occur within your five year certification period. Any changes can be made on-line via our website at <https://ssl17.pair.com/caohc/forms/addressform.php>.

Lastly, your CAOHC certification will need to be renewed five years from the date you completed your course. As previously stated it is critical that you keep your information up-to-date within our directory.

Sincerely,

*Lee Hager*

Dear Dr. Castro-Raez,

The Council for Accreditation in Occupational Hearing Conservation (CAOHC) is pleased that you have taken the necessary steps to certify/recertify as a Professional Supervisor of the Audiometric Component of an Occupational Hearing Conservation Program. We applaud your efforts to excel in efforts to prevent hearing loss among industry, mining and railroad workers! You may use the designation **CPS/A** (Certified Professional Supervisor/Audiometric). Enclosed is a certificate and wallet ID card, indicating your certification number: **481192** which will be valid until **October 24, 2018**.

During the five year certification period, you will be receiving three annual issues of the **UPDATE** newsletter - containing up-to-date articles, with a focus on hearing conservation research and practice management. Please keep us informed of any address change so that we can continue to mail this newsletter in a timely manner.

Congratulations. Don't hesitate to contact the CAOHC office with questions or ideas for improvement.

Sincerely,

Kim Breitbach
